

Academically Based Recreation Textbooks Recommended to Use to Study for the Recreation Therapist Certified (RTC) Exam

NOTES:

#1 - CSU Recreation degree curriculum follow the standards listed below for Recreation Management degrees as set by the Council on Accreditation of Parks, Recreation, Tourism and Related Professions (COAPRT).

#2 - Many textbooks can be rented for a reduced price from traditional purchase prices. Textbooks have become increasingly available for download on tablets or smart phones as well. Check with major booksellers for this option.

7.0 Therapeutic Recreation Learning Outcomes

The learning outcomes presented in this series of standards are designed to elicit evidence of student learning in the program's foundational curriculum. Foundational curricula in parks, recreation, tourism, and related professions include study in three (3) areas.

It is incumbent upon Recreation degree programs to determine the specific body of knowledge applicable to the three areas of foundational curriculum. Decisions must reflect current literature and current practice in each of the three areas.

FOUNDATIONAL KNOWLEDGE - *Historical, philosophical, theoretical and scientific foundations of therapeutic recreation. Scope of professional practice. Processes and techniques of practice, Historical, philosophical, theoretical, and scientific foundations.*

7.03 Management, marketing, and finance of therapeutic recreation services

7.04 Application of the therapeutic recreation body of knowledge through experience ○ **Readiness for culminating internship** ○ **Culminating internship experience**
